

Caroline and Tom Bridge won "Race Across The World", travelling 8,700 miles from China to India in 51 days, winning £20,000.

Five pairs raced without planes, phones, or cars. They had £1,140 each. Nearly 6 million people watched each episode. It was very popular.

Caroline wanted to find herself. Tom, with cerebral palsy, gained confidence by sharing his story. They hoped to make special memories together.
