

Israel bombed parts of Beirut, aiming at Hezbollah's drone sites. This was just before Eid Al Adha, causing many to flee their homes.

Lebanon's leaders were upset about strikes, especially during a holiday. Israel and Hezbollah have fought before, despite a ceasefire now.

Israel says Hezbollah uses drones to attack. They warned people to leave before strikes. Many fled, causing busy roads and smoke in the sky.

Israel and Hezbollah have fought a lot. A ceasefire was made, but Israel still strikes if they see Hezbollah as a threat. Lebanon says this breaks the ceasefire.
