

Spending Review for Disabled People

The Spending Review says more money for health, social care, and education. NHS gets 3% more each year, more doctors and appointments.

The government plans to spend more on care for children and adults. £4 billion more might be available by 2028-29. Changes may take time.

Schools will get more money for meals and teachers. Old schools will be fixed. There is a new plan for SEND. Housing gets more money too.
