

Director Banned for False VAT Claims

A UK boss was banned for 11 years for lying to get tax money back. The companies owed over £1.1 million in VAT and fines.

Four companies gave fake papers for VAT money and were removed from the business list in 2023.

The boss, Hassan Waqar, can't run a company for 11 years because they owed a lot of money. This helps keep business fair and protect taxes.
