

Jessie J, singer of "Price Tag", has early breast cancer. She will have surgery after a London festival and shared her news on Instagram.

Jessie needs time to heal. She thanked fans for their love. Famous friends like Rita Ora sent kind words. Sharing helps Jessie and others.

Breast cancer is common in UK women. The NHS says checking breasts often is important. Jessie has health issues and turned down a role to focus on family.

Jessie J is strong and open. She wants people to talk about health. After surgery, she plans new music. Fans and friends support her.
