

Manchester City will pay £46.3 million for Tijjani Reijnders from AC Milan. The 26-year-old from the Netherlands will sign a five-year deal.

Reijnders will help City's midfield as Kovacic is injured. He scored 15 goals last season. Kevin de Bruyne might leave for Napoli.

Reijnders can play different midfield roles. He passes and moves well with the ball. City wants him ready for the Club World Cup on 14 June.
