

Help for Postmasters with Money Loss

The Capture Redress Scheme helps postmasters who lost money from 1992 to 2000 get fair pay. The government wants to fix past mistakes.

The scheme starts in Autumn 2025 with 150 people. Postmasters with money issues can apply. Relatives of those who died can apply too.

The government paid over £1 billion to postmasters affected by Horizon. A new plan will help more postmasters get money and legal help.
