

The Israeli army said they hit Gaza by mistake. It happened in al-Mawasi, hurting 30 people and killing one.

31 people died near an aid centre in Rafah. The army first denied shooting but later said they fired warning shots. The strike was in Khan Younis.

The video was wrongly linked to Rafah killings. It was from Khan Younis. The Israeli army is still checking the Khan Younis incident.

The BBC and White House disagreed about footage. The BBC said stories were mixed up. The Gaza conflict began after a Hamas attack, causing many deaths.
