

UN Calls for Gaza Aid Investigation

The UN leader is upset about people hurt waiting for food in Gaza. He wants to find out what happened and make sure it doesn't happen again.

The UN wants to bring food and medicine to Gaza. Rules make it hard. They need to help safely and fairly without taking sides.

People in Gaza have left their homes due to fighting. Schools are closed. The UN is working to bring food and water, but it's very hard.
