

New Jobs at UK Nuclear Centre

The UK made 1,500 jobs at a nuclear centre, AWE. These jobs help safety and the economy. Workers earn more than the average UK salary.

The UK is spending £15 billion on nuclear weapons, making 10,000 jobs. The pay is £45,500, which is 20% more than the UK average.

AWE is 75 years old and has 9,500 workers. The nuclear industry has 48,000 jobs and plans to grow to 65,000 in 10 years.
