

New Memorial for Queen Elizabeth II

Foster + Partners will design a special place for Queen Elizabeth II in St James' Park with gardens, a bridge, and a Prince Philip Gate.

The design shows the Queen's mix of old and new ideas. It celebrates the UK's people with sculptures and art. The bridge looks like her wedding tiara.

The Queen Elizabeth Memorial will be designed by Foster + Partners, with the final design shared in April 2026. It will honour the Queen's life.
