

King's Birthday Party in Manila

The British Embassy in Manila had a party for King Charles III's 77th birthday on 17 June 2025. Important people enjoyed food, drinks, and music.

The UK and the Philippines are friends. They agreed to work together on politics, science, and climate. They both believe in freedom and the law.

The party was a goodbye for the British Ambassador, Laure Beaufils. There was music, food from famous places, and help from many companies.
