

The Nintendo Switch 2 is out. It has a bigger screen, a new chat button, is black, and controllers stick on with magnets.

Switch 2 has more space and is faster. You can buy a camera to show your face. You need to pay to chat online, and parents can control it.

New games: Mario Kart World, 3D Donkey Kong. Zelda and Kirby updated for Switch 2. New game inspired by wheelchair basketball.

Some people were sad because their orders were cancelled. The console is £395.99, but extras cost more. What do you think about the Switch 2?
