

Manchester City signed Tijjani Reijnders, a Dutch midfielder, from AC Milan for £46.5 million. He will play for five years.

Reijnders may play in the Club World Cup in America on 18 June. He scored 15 goals for Milan last season. City needs him after De Bruyne left.

City bought three players for £108 million but not Florian Wirtz. Reijnders has played 22 times for the Netherlands.
