

Elon Musk worked with President Trump to cut spending by reducing jobs and cancelling projects. Some liked it, but others thought it caused problems.

Musk upset some people by stopping projects that helped others. This was part of Trump's "America First" plan.

Some worried about Musk's businesses and his government role. Some thought he helped his companies. Musk and Trump said he did nothing wrong.

met

Musk shared ideas that were not true about US gold and South Africa. This worried people because it spread false information.

Some in Trump's team didn't agree with Musk's cuts. Musk didn't like a new spending plan, showing disagreements in the government.
