

Middlesbrough have sacked their head coach, Michael Carrick, after two and a half years. They didn't do as well in the last two seasons.

Carrick's helpers, Woodgate and Carrick, left the club. Middlesbrough tried for play-offs but won only one of their last six games, ending 10th.

Carrick coached Manchester United after he stopped playing. He joined Middlesbrough in 2022, helped them improve, but they didn't get promoted.

Fans are sad Carrick is leaving. The club needs a new manager to help them return to the Premier League after 10 years.
