

Jack Grealish might not play in the Club World Cup for Manchester City. He joined in 2021 but hasn't played much and might move to play more.

Many clubs in Europe want Grealish, but his high pay is a problem. Manchester City also wants to sign Tijjani Reijnders and Rayan Cherki.

Grealish wants to play more to join the England team. He missed Euro 2024 and needs more games before the World Cup. Pep thinks he's great and needs to play often.
