

The Fifa Club World Cup starts this month in the US with 32 teams, including Manchester City and Real Madrid. It now happens every four years.

The matches are in 12 stadiums in 11 US cities. This is a preview for the 2026 Fifa World Cup in the US, Canada, and Mexico.

The tournament starts 15 June and ends 13 July. Teams play in groups. The top two teams move to the next round until the final.

Manchester City won in 2023. This year, teams like Paris Saint-Germain and Bayern Munich join. There are eight groups with four teams each.

People worry about too many football games. The Club World Cup and women's Euro 2025 are close, and players fear for their health.
