

Beau Webster, a cricket player from Australia, married Maddie in April. They had a short honeymoon. Maddie joined him in Birmingham for cricket.

Beau plays in the World Test Championship final, then in the West Indies. He might return to the UK before the Ashes.

Beau played cricket and Australian Rules Football. He became a pro cricketer with Tasmania at 18 but waited 11 years to play at the top level.

During Covid, Beau learned fast bowling with coach Adam Griffith. This helped him become a better player and get noticed by the Australia team.

Beau played his first Test match against India. His parents rushed to see him. He did well by scoring runs and taking wickets.

Beau wants to stay on the team. He likes playing against others. He and Maddie will have a honeymoon when they have time.
