

Helping Somalia with Townhalls

Nabadaynta Townhalls in Somalia help people talk about safety. They started in Kismayo and Baidoa, now also in Doolow and Xudur.

The UK and EU help fund Townhalls. 50-100 people, including leaders, talk about safety and justice and find solutions.

In Baidoa, patrols were set up in risky areas. In Kismayo, phone theft was stopped, and a black market closed. Townhalls help make communities safer.
