

MHRA's Plan for 2025-2026

MHRA's plan for 2025/26 aims to keep people safe, ensure good medical products, support new ideas, and make the UK a great place to work.

The plan will make safety checks faster and better. It will help new medical ideas grow. The MHRA is part of the Department of Health.

The MHRA checks that medicines and devices are safe in the UK. They make sure benefits are more than risks. Visit their website for more info.
