

Jacob Bethell is a young cricket player for England. He played well against the West Indies. He travels a lot but dislikes soft hotel beds.

Bethell played cricket in Barbados, moved to the UK for school, trains hard, and learns from players like Virat Kohli.

Bethell missed a match in Zimbabwe but learned in India. He doesn't mind news talk and focuses on improving his cricket skills.

Bethell is excited to play in Cardiff. He wants to do well in one-day and T20 matches and hopes to join the Test team soon.
