

PM Talks About Cabinet Attacks

Sir Keir Starmer said attacks on his team are "unacceptable". Wes Streeting denied plans to replace him and criticised Number 10's "toxic culture"

The Prime Minister's team said the briefings about Streeting were not from them. Some Labour MPs called the briefings silly and confusing.

Some say a leadership contest would cause chaos. 20% of Labour MPs must support it. Some MPs think the briefings were not handled well.
